

PORTRAITS ON LOCATION

Have camera, will travel.

Do you have your family gatherings at a mountain house, farm, lake, golf course, your own back yard or other vacation spot? Perhaps you have a special event or reunion coming up that will be the perfect opportunity to capture family members together in a portrait. No problem. No matter the setting, David knows how to bring out the best and most enchanting aspects of every setting.

PET POTRTRAITS IN THE SAND

We call it Pawtography!

We love our pets! They're part of the family, too. Because we share our lives with them for often many years, we want to capture those times — revealing the bond and affection between us and our companion animals. David has learned how to capture your pet's personality — its playfulness, love, and charm — with skill and speed.

A fine portrait is a gift you give yourself, your family and generations to come.

THE MEMORY-MAKER BOAT

The family that boats together . . .

Boating creates great fun and indelible memories. Record those times with a portrait that will bring a smile to your face each time you pass it. Loads of family memories are made boating, fishing, water skiing and just enjoying Delaware's coastal waters. David, a Coast Guard licensed Master Captain, records those times to symbolize the special togetherness and experiences shared on the water.

PORTRAITS ON THE GREENS

Meet you at the ninth hole.

Increasingly, our clients want to capture the excitement at their favorite golf course, and they're calling on us to make it happen. The natural environment of a golf course makes for vivid portraits. Whether it's an outing with colleagues, friends of family, David will produce photographs that reflect the greens and the golfers in their glory.

Please reserve your summer session extra early to assure the appointment of your choice. Prime sunset sessions, holiday, evening, and weekend appointments are in high demand at the seashore.

Nothing says “family” like a beautifully rendered portrait that will be cherished for decades.

Framed by gentle waves, sand dunes, beach grass, and the eastern sky, your family never looked happier or more beautiful in the fine art portraiture of David Koster, owner of Portraits In The Sand. Fresh, charming, even sometimes amusing, the portraits reveal the playfulness of a family, the relationships of siblings, or the bond between a grandfather and his grandchild as they experience the beach together.

His sizeable portraiture is created to be displayed in your home, adding warmth and a personal touch to your décor.

Now is the time to capture the joy and love of your family in artistic portraits. Please call 302-226-9226 to schedule an appointment.

The very best days of your life!

With more than 20 years of experience and training, Master and Certified Professional Photographer David Koster creates family portraits that you will treasure for a lifetime.

David Koster is dependable, schooled in photography, and the only experienced Master and Certified Professional Photographer located at the beach in Southern Delaware. But beyond his credentials, he has the patience, knowledge, confidence and training to consistently capture the best images — the first time — all while working the sometimes challenging outdoor elements to his advantage.

“We love all of the portraits, most of all, the large canvas portrait that hangs in our living room. The kids love it too -- something I hadn't expected -- and it has spurred many fond talks of all the great times we've had at the beach. The portraits have probably been the best investment we've ever made, no exaggeration.” Cecilia K.
